

INVITATION TO THE EVENT ORGANIZED BY THE TECHNOLOGY
CENTRE PRAGUE AND THE EUROPEAN COMMISSION

MASTERING HORIZON EUROPE PROPOSAL & KNOWLEDGE VALORIZATION

18 JUNE 2025

INSTITUTE OF PHYSICS OF THE CAS, PRAGUE

Are you considering applying for Horizon Europe funding and looking for ways to maximize the impact of your research?

This event aims to inspire and support Czech research institutions and researchers in submitting high-quality project proposals and effectively valorizing the results of their work.

Whether you are a newcomer to Horizon Europe or an experienced participant or coordinator, this event will provide practical guidance, insights, and motivation to help you succeed.

Take this opportunity to engage with the European Commission, ask questions, and clarify your challenges. The event will include expert presentations, interactive discussions, and networking opportunities.

WHO SHOULD ATTEND

- Research managers and administrators supporting Horizon Europe proposals
- Researchers, both newcomers to Horizon Europe and experienced ones
- Organizations looking to engage in European research collaborations

SPEAKERS

Beatrice PLAZZOTTA

European Commission, DG RTD

Business Analyst in the Common Services for Business Processes unit at the Directorate-General for Research and Innovation of the European Commission. Her unit oversees business processes related to the implementation of EU grants, particularly within the Horizon Europe framework programme. She holds a degree in Chemistry from the University of Pavia, Italy, and has extensive experience in project management, research management, and science outreach. Since joining the European Commission, she has worked as a Scientific Officer, providing scientific evidence to support EU policy development, and as a Project Officer for H2020 and Horizon Europe.

Angelo STRANO

European Commission, DG RTD

Team Leader for the Valorisation of EU Research Results at the Directorate-General for Research and Innovation of the European Commission. He holds a degree in Political Science (International Affairs) from Italy and has been working at the European Commission since 2013. Prior to that, he gained experience in both the private and public sectors across several European countries, focusing on programme management, project coordination, and communication.
